If you have an interest in running a website or representing the club to the community please contact a board member. These are all voting Executive Board positions and vital to our success so please consider supporting your club this way.

New Business

Donations for Club- Discussion over our policy on donations that are for our club's benefit but get turned over to an individual at the field. The "Whos and Hows" of this will be included in all future New member introductions. How these donations get stored is being worked out and will be communicated.

E.X. Board min. cont'd

Flite line Safety- We have had some props come off larger 4 Strokes. Whether this is detonation or some other cause we are not sure. If your engine throws a prop please investigate thoroughly and be satisfied with the remedy before restarting. Safety Officer will research possible “start up” changes in regards to larger engines. **We are our best safety tool!**

First Pylon Race- Great day of very competitive racing! Raceplanes are available from the club for about \$70 and will be the most fun you can have in less than Two minutes.
