

## AMA Chapter 534

# Minutes of the "Online" Board Meeting July 22-25, 2020

Scott Hudson  
Fri, Jul 24, 11:14 AM

Board Members,

Sorry I missed our Thursday meeting yesterday. The following is what I have for July's meeting. As before, if all members could please sign in with a reply (reply all) as confirmation of reading the notes.

Unfinished Business:

Control Line:

We have heard from the final person with the BOR and are ready to submit our final request to grade that area. Jess and I have both had conversations with them. They are requesting a timeline of when that work will be performed. Jess and other users of that area have decided to wait until after the "Ring Master" event the first weekend of October since it's currently useable. Besides it's too hot in August anyway. We are scheduled to resume conversation with the BOR in mid September. Thank you Jess for your time spent with this.

As mentioned last month I had reached out to the county road dept in regards to the grader near our location and the possibility of them helping. I waited a couple weeks with no reply, and gently asked the maintenance manager again J. I received a reply that it had been forwarded to the Area Manager. It's been a few weeks again with no reply, so I'm not holding out much hope. And personally I don't feel that we should ask again.

New Business:

I contacted Greenway Spray in regards to some new weed growth noticed on the east area near the runway / parking area. I just got a call from him that they were out this morning and took care of that area. Of course, this was done at no charge. I'm working on getting a REACT out as soon as possible.

There's been a couple more rattle snake sightings. Keep that in mind, and help remind members while at the field.

As you may already know, there are some new state wide rules in regards to Covid. There are a couple that could affect us. Face covering are now required outdoors IF social distancing cannot be maintained. Obviously we have plenty of room for social distancing so this shouldn't be an issue. We just need to help members remember this. We're not the police, just friendly reminders. Also, indoor events are now limited to 10 people. Both of these new rules will make it even more difficult to hold any sort of meeting, whether it's indoors or out. I know this has been our thought previously, but the new restrictions sort of solidifies it.

I feel like there should be more, but I can't think of anything. If anyone has any new or old business they would like to discuss, feel free to do so as always.

Please don't forget to "sign in" with a reply all.

And if I missed anything, let me know :-)

Thank you all for your time,

Scott

Got it.

There were 4 members who offered \$75 each to have the road sprayed for dust. Just information now since the Board can't spend enough money for spraying by itself and we are not having general meetings. Still, it shows a level of interest that might be worth pursuing.

Since we are a democratic organization how about we poll the members on what is important to them? That might give the Board some direction. Unless the planning committee has already done something similar?
